Subject: Comments: Design and Implementation memos

Dear Staff and Blue Ribbon Task Force:

I wanted to give enthusiastic support for the overall framing in the Sept. 2 Memo regarding Staff Analysis of Goals, Objectives and Design Considerations and the Sept. 6th memo regarding the TBD Bin items. I found both memos to be extremely helpful and believe that they were both important to achieving a good outcome at the RSG meeting in Cambria.

Frankly, I feel this guidance was absolutely critical in the process of the RSG and led to a successful agreement over the Goals and Objectives package. Without the guidance, we would have still been in Cambria!

I appreciate all of the hard work that went into preparing for the Sept. meeting and believe it was reflected in the outcome of the meeting.
